FAQ'S & Info on CIDB Registration in South Africa

What is the Purpose of the CIDB?

The role of the CIDB is to facilitate and promote the improved contribution of the construction industry to SA's economy and society. Amongst others, the CIDB promotes: Uniformity in construction procurement. Efficient and effective infrastructure delivery.

Who must Register with the CIDB?

All contractors wishing to tender for construction projects in the public sector must be registered with the CIDB.

What are the Main Advantages of CIDB for Construction Companies?

- 1. Construction Contracts and Tenders:** When your Company is CIDB registered and graded by the CIDB, it qualifies to start doing contract work and apply for construction tenders.
- 2. Get on the CIDB Website:** When you have a CIDB Number, your Company will be listed on the CIDB's website and register. Your Construction Company gets visibility on the CIDB website.
- 3. Database listing:** Registered companies can also use the i-Tender service for FREE. The i-Tender service automatically alerts registered contractors of database-listing tender opportunities by email and sms.
